

Product Photography Charges

We have some of the lowest costs for high quality product photography in the UK. The charge depends on the number of products you need photographed:

Number of Products:	Cost per shot:
1	£25
up to 5	£20
up to 10	£16
up to 20	£14
up to 30	£12
up to 40	£10.50
up to 50	£9.50
up to 100	£7.50
up to 200	£6
201+	Ask!

If you require more than one product in each shot (i.e. a group product shot), add 20% extra per product in shot eg. 5 group shots with 3 products in each = £20+£4+£4 =£28 per shot

Clipping Paths (products cut-out on to transparent backgrounds) = £5 per product (highly complex e.g. bunch of flowers = £10)

Costs allow for 2 minutes of packing and 2 minutes of unpacking time per product. Please call if you think this will be insufficient.

You are welcome to attend your product shoot at our lovely rural studio!

All costs are subject to VAT charged at the prevailing rate.
